 - A. Seat is older than six years (depends on car seat manual)
 - B. Recalled (if applicable)
 - C. Unknown history
 - D. Seat has been involved in motor vehicle collision
 - E. Broken to where seat is a definite hazard to the child
 - F. Child is near or has surpassed the height and weight limits of the child safety seat
3. People arriving with loaner car seats may be asked to seek services in the community.
4. Please be prepared to participate during the installation/check.
5. If needing multiple car seat installs/checks, please book two separate appointments.
6. This is for any DOD card holder.
