Once you're connected, your tutor has different options to help you – a text message chat (far right of the screen), and a blank space where the tutor can write, draw, show you photos, sketch out diagrams, and more. This is extremely helpful for math and the sciences.

The screenshot displays the tutor.com interface. At the top, the browser address bar shows 'tutor.com' and navigation options like '+ Board' and '+ Text'. Below the address bar is a toolbar with icons for drawing (pencil, eraser, highlighter), text (T), image upload, and other tools. The main area is a large white space for drawing or writing. On the right side, there is a chat window. The chat window shows a conversation between 'Haley V (Tutor)' and 'You'. The chat history includes an automated system message about quality control, a question from 'You' about themes in 'Farewell to Arms', a response from 'Haley V (Tutor)', and a response from 'You' stating 'No I am on chapter 7'. At the bottom of the chat window is a text input field.
