

**DEPARTMENT OF THE AIR FORCE
502D AIR BASE WING
JOINT BASE SAN ANTONIO**

4 Dec 20

Senior Leaders,

JBSA is currently maintaining HPCON BRAVO PLUS and issues health protection guidance in line with Centers for Disease Control (CDC), State of Texas, City of San Antonio and JBSA Public Health Emergency Officer (PHEO) health directives and recommendations. The intent of this message is to provide guidance regarding holiday gatherings on JBSA.

Unit-level holiday parties or morale events are discouraged. If held, these events must be 10 people or less.

Recommend against dining indoors with any people outside one's household. Respiratory droplets occasionally travel beyond 6 feet. Correct and consistent masking, which mitigates this risk, is not possible while eating or drinking. Recommend using restaurant take out service or dining in restaurant outdoor seating areas.

Recommend against gathering indoors with people outside one's household. The more people, the greater the risk. Yelling, singing and forceful exhalations (such as from vigorous exercise) increase risk. Physical distancing, good ventilation and correct, consistent mask use that covers both the nose and mouth will decrease risk.

Please help us keep our JBSA open.

CAROLINE M. MILLER
Brigadier General, USAF
Commander
