SUBJECT: JBSA #87, Environmental Management System (EMS) Policy Statement

1. Joint Base San Antonio (JBSA) is committed to providing a world-class military installation that provides for the safety, energy-efficiency, pollution prevention, environmental conservation and mission enhancement for our personnel, facilities and operations. This policy is effective immediately for JBSA.

2. We understand that each of our individual and collective actions may impact our health, our facilities, or our environment. Because of this, we are also committed to:

- a. Provide sound stewardship, conservation, and preservation of our environment.
- b. Compliance with all applicable regulatory mandates, while reducing risks and costs.
- c. Integrate environmental management, sustainable design and pollution prevention principles into all aspects of our operations.
- d. Educate and train our personnel on environmental requirements applicable to their job.
- e. Make efficient use of our resources to maximize environmental program success.
- f. Reduce energy and water consumption, air emissions and waste generation.
- g. Promote natural and cultural resource conservation and to recycle whenever possible.
- h. Apply reliable planning processes to reduce JBSA adverse impacts on the environment.
- i. Management of our program risks to achieve our program goals, objectives and targets.
- j. Proactively work to achieve continuous improvement in our programs and operations.
- k. Communicate our environmental policy to all who work at or visit JBSA.

3. My point of contact for this action is Mr. Edward Roberson at 210-671-5329.
