Equal Opportunity (EO)

Equal Opportunity is the right of all personnel and applicants for federal employment. Civil rights laws, DoD, Air Force, and Army policies protect active-duty military, federal employees, applicants and other civilians from harassment and discrimination based on race, color, sex (male or female, and pregnancy, childbirth, or related medical conditions), religion, national origin and harassment (sexual and non-sexual). Civilian employees are additionally protected under the basis of age (40 or older), disability (physical or mental), genetic information, and reprisal (for protected EEO activity). All employment decisions will be made without regard to these factors and will be made fairly and equitably based on merit principles.
